

ESTEC Do it Yourself (DIY) Club

Conditions relating to the loan and use of club tools or equipment

The DIY club and the SSCC do not give or imply any kind of representation or warranty as to the defect-free condition or fitness for a particular use of the tools or equipment made available to members of the club and the DIY club and the SSCC accept no liability for injuries or other damage occurring through the use of such tools or equipment.

Club members shall exercise due care to avoid damage to the tools or equipment and injury to themselves or to others. Where instructions are provided these should be strictly followed, particularly as concerns safety provisions. Any defects with tools or equipment taken out on loan shall be duly reported to officials of the club whether this was the received state of the items or whether the defect or damage occurred during the time in their possession.

Club members should ensure that they are capable of using the tools provided, in a safe manner.

Responsibility for the safe use of the DIY Club's tools is entirely that of the Club member.

Club members should ensure that they will read and follow the Safety Instructions for tools they borrow from the ESTEC DIY Club.

I (name in BLOCK letters)
confirm that I accept the above conditions relating to the use of items taken out on loan from the ESTEC (DIY) club.
